STD Dance

Ima Robot

Freedom's the source of the lightning sparks when you're dancing
Freedom's the shine, let it peal your mind when you're dancingFreakin' out in (on) the sun
This is time on (on) the run
This is life that tear me down
This is life this Sunday kite
That's life with anything,
Girl just start pretending
You're the stuff
You're the mind
Just get on down
Stop the timeThis Saturday night
Appetite
This is what you can be
Somethin' like
Dynomite
This is what you can be
Do it right
Escalate
This is what, like candy
Oh, you're so good
You're so good
You're so good
You're so...Freedom's the shine, let it peal your mind when you're dancing
Freedom's the shine, let it peal your mind when you're dancingJust show me you're love
Just show me you're love
Hey, just show me you're love
Just show me you're loveSpotlight
Blue suede shoes
Give a fuck
Attitudes
Hot night
What to do
Run down mansion
Laural canyon
Kill your time
Genocide it
Warpin' space
Back to grace
Hey, take your place

Do the movement
You'll kiss bliss
When you are ruin
Connecting things
Connecting bings
Unified front
Expanding sun
Toasted
Before you know it
Let go
That soul you're holdin'
Pressure builds
Now you're exploding
Flashin' light
Bliss tonight
Pressure builds
Now you're exploding
Out your mind
Out of sightFreedom's the shine, let it peal your mind when you're dancing
Freedom's the shine, let it peal your mind when you're dancingJust show me you're love
Just show me you're love
Hey, just show me you're love
Just show me you're loveFreedom's the source of the lightning sparks when you're dancing
Freedom's the shine, let it peal your mind when you're dancing
Freedom's the source of the lightning sparks when you're dancing
Freedom's the shine, let it peal your mind when you're dancingJust show me you're love
Just show me you're love
Hey, just show me you're love
Just show me you're loveLa-da-dee-downFreedom's the shine, let it peal your mind when you're dancing
La-da-dee-down
