

Talking All Night

Hall & Oates

Yeah, baby
Ooh, what's you gonna do baby
All right, yeah Ain't it funny I'm tied to the magic of your caress
Ain't it lovely how we fit together
Girl you're the best And it seems like we've been talking forever
Words and wine and we've been lost in time
On no, you're touching emotions I used to hide
Too deep inside 12:45, quarter to one
We're talking all night, talking all night
1:45, quarter to two
We're talking all night, all night Heat of passion, the hours and minutes don't mean so much
I know the language of love is a tender touch, yeah
Now listen baby Now speak slowly, make the night last forever, spill the wine
So you'll forget about time
Won't you break down and show me emotions
You used to hide so deep inside 12:45, quarter to one
We're talking all night, talking all night, all night
1:45, quarter to two
We're talking all night, all night, yeah baby 2:45, quarter to three
We're talking all night, talking all night
3:45, quarter to four
We're talking all night, all night I want you to stay with me baby
Oh, stay with me tonight
12:45, oh it's only 12:45
Talking all night
Oh, all night, all night
All night Oh, what you want to do girl
1:45
Oh, the beginning of the evening
The shack, remember the shack
Talking all night
All night girl, ooh 2:45, 2:45
All night
So what you thinking honey
All night
Can I get you anything 3:45
3:45, I think I see the dawn come up
We're talking all night
We're talking all night yeah 4:45

Oh baby, it's you
Talking all night
It's you, it's you, you
You, you, you, you, you
Nothing but you baby5:45, talking all night
6:45, talking all night
We've been talking all night
All night, oh yeah
7:45, quarter to eight time to get up
