

Understand

Nickasaur!

I understand
that you don't understand
 everything I touch
 seems to get out of hand
 if you want space
I guess i'll fly to the moon
 then fall back to California
25 after noonI'm kind of amused
 that your kind of confused
 who was being accused
 of being excused
 I'm sorry if apologies
 don't mean anything to youI understand
 that you don't understand
 what I'm feeling inside
 isn't visible
 I'll try and I'll try
 and I'll try again
 but no matter what I do
 I wont be visible
 to you, for you
 i'll pack my bags and
 I'll never look back
 to you, for you
 I'll put the pedal to the medal
 down highway 405I understand that
 you don't understand
 everything I touch
 seems to get out of hand
 if you want space
 I guess I'll fly to the moon
 then fall back to California
25 after noonI'm kind of amused
 that your kind of confused
 who was being accused
 of being excused
 I'm sorry if apologies
 don't mean anything to youeverything I touch
 seems to get out of handeverything I imagined

didn't go as plannedI wanted some velvet
but got some cottonthese cold winter nights
 should be forgottenbut you, only you
 could hold me backbut you, only you
 could manage to keep your head uponly you
 but you
 for you
 to youI understand
 that you don't understand
 everything I touch
 seems to get out of hand
 if you want space
 I guess i'll fly to the moon
 then fall back to California
25 after noonI'm kind of amused
 that your kind of confused
 who was being accused
 of being excused
 I'm sorry if apologies
 don't mean anything to youI understand
 that you don't understand
 everything I touch
 seems to get out of hand
 if you want space
 I guess i'll fly to the moon
 then fall back to California
25 after noonI'm kind of amused
 that your kind of confused
 who was being accused
 of being excused
 I'm sorry if apologies
 don't mean anything to you...
