Salvation

LP

When you arrived at my door I didn't recognize
My salvation
And the light on the shore it was in your eyes
My salvationAll I really wanted to do
Was make love to you
And retreat into my isolation
Salvation, salvationOh, oh, oh, oh, oh, oh (x3)I was cold and afraid so I locked you out
(My temptation)
And the gifts that you gave couldn't tie
me down
(I just take them)All you really wanted to do
Was lead me through
All my loneliness and desperation
Salvation, salvationOh, oh, oh, oh, oh, oh (x3)And I can feel now
And I can feel now
Yeah love is real now
Yeah love is real nowSalvationOh, oh, oh, oh, oh, oh (x3)
