

# When The Bloom Is Off The Rose

[Rhonda Vincent](#)

When the bloom is off the rose  
When the leaves fall from the vine  
When the dew turns frosty white  
Darling will you still be mine? In the spring our love was new  
I knew I was your only one  
But with time all things grow old  
Tell me please I need to know (CHORUS - INST BREAK) Like the seasons passing by  
Loving hearts like time can fly  
If left to wither they will fade  
Do not tire of me that way
