Better for You

Said the Whale

My decision cannot be put off again
I see the right choice but my heart is filled with dread
It all seems backwards in my head, my headI know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for youChoose a little pain and gain a life with joy
Accepting pleasure now will earn a life of pain
It all seems backwards in my head, my headI know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for you, for youSometimes I wonder why it's this way
When it's done the burden is gone
This discomfort will be taken away
As soon as it's over, it's over for meI know it seems too wrong to be right
This way is so much harder to fight
But in the end I know it is true
This way is better, it's better for you, for you
