Advisory - the following lyrics contain explicit language:

Some people say that I'm a monster
And I can say that they are wrong, but
I'm bad, I'm bad
And I can never change it
I'm mad, I'm mad
And you won't have to face itMy head is feeling so conflicted
How can I be so damn addicted?
You know you know that I ain't playing
You know you know...If you want a soldier, then maybe I am
If you want a warrior, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dnaIf you want a killer, then maybe I am
If you want a thriller, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dnaI don't ever wanna change me
I am just the girl I should be
I'm bad, I'm bad
I see you kinda like it
I'm mad, I'm mad
No use tryin' to fight itHow can I be so conflicted?
We shouldn't be so damn restricted
You know you know that I ain't playing
You know you know...If you want a soldier, then maybe I am
If you want a warrior, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dnaIf you want a killer, then maybe I am
If you want a thriller, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dnaOh yeahYou cannot escape
You can't run away
It's in my dna
It's in my dnaI know I can't escape

In this getaway
It's in my dna
It's in my dna If you want a soldier, then maybe I am
If you want a warrior, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dna If you want a killer, then maybe I am
If you want a thriller, then maybe I am
You can't run away, you can't run away
It's in my dna, it's in my dna Oh yeah
(you can't run away, run run run away)
(you can't run away, run run run away)
(you can't run away, run run run away)
(you can't run away, run run run away)
