Paranoid

Wank

paranoid, don't know why
complications in my life
dr. love, mr. blue
come on mary anne can i feel you?
paradise, in my head
though my body tremble
tears don't fall on tv
get real, it's just the parts we play
and the world falls down
and the walls cave in
and my girl spins around and around and around
paranoid
sensible courageous hero of the famous
the joke is cruel and you laugh
now give me your autograph- whoa yeah(5x)
saturday here's the hook,
give me that glamour look
hold that smile
shave my head
watch my eyes turn to red
and the world falls down
and the walls cave in
and my girl spins around and around and around
paranoid
sensibel corageous hero of the famous
the joke is cruel and you laugh
now give me your autograph
and the world falls down
and the walls cave in
and my girl spins around and around and around
yeah the world falls down
and the walls cave in
and my girl spins around and around and around
paranoid
