

# Morning Star

## Common Children

Daylight fall on me  
Daylight fall on me  
Daylight fall on me I feel the morning coming on  
I gotta make my way back home  
I can feel the light shine  
The stars are in my eyes again Daylight fall on me  
Daylight fall on me In the aftermath of grace  
I feel the light fall on my face  
There's a lot on my mind  
And the stars are in my eyes again Daylight fall on me  
Daylight fall on me I feel the twilight falling down  
Spinning me around  
I can feel the daylight  
And it's all I can see Daylight
