You Want It All

LP

We been on this roundabout, swimming in these fields of doubt
But there is no time now, the rain is coming down
So prepare for war, you can't run that far
You got to stand your ground, there's no more days to countI was there for you, I'd have died for you
I changed my life for you, but you couldn't keep it true
You'll never know how hard I hit the ground that day
The changing of the guard, the bitter taste it gaveWinds are starting to blow out there
It's only yours if you run for it
Oh, sow that seed with no regrets
Gets so hard when you know you want it all
It's in your poetry, I knew you'd come for me
And all the subtleties of what was meant to be
You could hear the call when you jumped to fall
Just remember now, it's 'cause you want it allWinds are starting to blow out there
It's only yours if you run for it
Sow that seed with no regrets
Gets so hard when you know you want it all, you want it all
You want it all
You want it all
You want it all
You want it all
You want it all
You want it all
