

Packed Up And Took My Mind

Little Milton

I walk around acting strange
like a man in a daze
People talking to me and calling my name
but I don't hear a word they say
I know my mother, she's worried about me
Cuz they might have to put me away any time
Cuz when my baby packed up her clothes and left me
She sure?I believe, I believe
She took my mind

I go around talking to her
And you know that ain't right
Sometimes I hear her answer me
Though she's no where in sight
You know I tell myself this is a nightmare
And somebody's gonna wake me anytime
Cuz when my baby packed up her clothes and left me
She sure?I believe, I believe,
She took my mind

I know, I know my mother she's worried about me
Cuz they might have to put me away any time
Cuz when my baby packed up her clothes and left me
She sure?I believe, I believe,
She took my mind

Awww you took my mind
Oooo weee, you musta took my mind
Awww mmmmmmm
You took my mind
Awww you took my mind
Awww ohhh
You took my mind.
