

# The Money Is Nice

## Burning Image

Can I be what you ask of me?  
Then maybe I'm not what you want  
The money is nice but I want to go home  
Is that the price I pay to be here? Tell me what's wrong  
So I can make things right  
And no one does it quite like me  
The money is wrong, but I can't get it back  
But I will tell you what you're doing for me Nice  
You're all mine  
You make me feel so young I said "la la la la la la"  
When you sing, it sounds so good  
The moment is right and I'm taking you home  
And you will do the things I ask of you  
La la la la la la la la la  
La la la la la la la la la
