Bad Habits

Thin Lizzy

I seen you walking down the street with another man
Girl you're really shocking
I seen you walking down the street with another hand
Held in your stockingsBoys will be boys and girls will be trouble
And I'm a man of bad habits
I seen you walking down the street with another man
Girl I had to have itBad habits
Bad habits
Bad habitsYou and I we should meet
Yeah, you and I we should get together
Me and you and I should meet
In the rain and stormy weatherBad habits
Bad habits
Bad habitsNo messing around
Now's the time to startBoys will be boys and girls will be trouble
And I'm a man of bad habits
I seen you walking down the street with another girl
Man I had to have itI know it gets into your brain
Sometimes it dribbles and goes in your veins
I tell you this boys is the same
This boy's got bad habitsYou and I should meet
You and I we should get together
You and i, you know we should meet
Hey babe, check it out the stormy weatherBad habits
I got bad habits
I got bad habits
