Run Together

Criteria

"Run Together" by CriteriaWe must all consider what it takes to bring all sides to see deep feelings
Hope and pray, peace one day
There is a way to make it work so it don't have to hurtAll the condescending eyes begin to run together
You're caught in a voice, you're caught in a lie
From which you can't recoverChange of heart, change of mind
Sore again just to find it, find it's trueDon't cut yourself with razorblades
Just to say you feel their pain,
'Cause you don't seal it.
If we could meet halfway, then we'd say:
There is a way to make it work so it don't have to hurtAll the condescending eyes begin to run together
You're caught in a voice, you're caught in a lie
From which you can't recoverChange of heart, change of mind
Sore again just to find
A heartwarming story that the kids can rally around
Oh, but in the end there is no common sense
