

# Carry the Light

[Rob Biagi](#)

Carry the Light of the Lord  
And let him live in you  
Carry the light of the Lord  
And you will shine like new

Carry his love in your heart and explore  
Carry the light of the Lord  
Carry his love in your heart and explore  
Carry the light of the Lord

Carry the light of the Lord  
And let him live in you  
Carry the light of the Lord  
And you will shine like new

Carry his love in your heart and explore  
Carry the light of the Lord  
Carry his love in your heart and explore  
Carry the light of the Lord

You will shine so bright people will be curious  
Where does all the joy come from  
You will shine so bright people will stop and know  
About your God and about his Son

Carry the light of the lord  
And let him live in you  
Carry the light of the lord  
And you will shine like new

Carry his love in your heart and explore  
Carry the light of the Lord  
Carry his love in your heart and explore  
Carry the light of the Lord

Our Lord shines so bright we are not curious  
No! We know where that joy comes from  
He shines so bright in us  
People will have to know about our God

and about his Son

Carry the light of the Lord  
And let him live in you  
Carry the light of the Lord  
And you will shine like new

Carry his love in your heart and explore  
Carry the light of the Lord  
Carry his love in your heart and explore  
Carry the light of the Lord
