

Leave in Silence (Remastered)

Scooter

Girl of my dreams
You don't know what it means
To live my life without you
I hope everyday
When you pass my way
To say a word to you But everytime you look at me
I go right out of my head
And then I just turn away
And act like I don't see you You're so far away
No reason to stay here
I leave in silence Sometimes I think
I'll win back my confidence
And be the man I used to be But a touch of your smile
And I feel so strange again
And lose myself in the wait and see And everytime when you are near
And act like you don't care
I get so insecure
And then I'm not so sure
