Gasoline

PAW

GasolineChange the pain
Of what you feel
You keep it inside
You made it realTwenty times to get it
Twenty times to give
You kept it inside, long enough
Enough to let it liveI feel no shame
For what I do
Mistakes the same
The hate rings true
Never had no heaven
Had too much of hell
I never cared what I did
It's probably just as wellI've heard it all before
I know nothin's gonna change
I've heard it all before
I know nothin's gonna change
I've heard it again and again
I know nothin's gonna change
Aw, change the way I feelChange the pain
Of what you feel
You keep it inside
You made it real
Twenty times to get it
Twenty times to give
You kept it inside long enough
Enough to let it growI've heard it all before
I know nothin's gonna change
I've heard it all before
I know nothin's gonna change
I've heard it again and again
I know nothin's gonna change
Aw, change the way I feelYou swing up to me acting like everything's jake between us.
It starts off easy enough,
but you don't get more than one chance,
before I don't know you anymore.
It's easy for me.
and I don't miss you that much.
But I can tell by the hurt in your eyes.

It's only gonna take a little push,
to make all the hurt blossom up inside of you.Yeah, I'm caught in my own trap
I'm caught in my own trap
Caught in my own trap againI feel no pain
I feel no shame
You'll hurt yourself
When you turn on meYeah, I've heard it all before
I know nothin's gonna change
Hey, your mom and dad
Can't teach you like I can
I'm goin' back and forth
Back and forth again
And I'm wrong enough
To say how right I am
And nothin' will take away your pain
And nothin' will take away your shame
And nothin' is ever gonna change
And nothin' will change the way I feel
