

Drinkin' Problem

Midland

One more night
One more dime
One more, one more round

First one in,
Last one out
Giving us time lost to talk about

They don't know
They don't know
People say I got a drinking problem
That ain't no reason to stop.

People saying that I hit rock bottom
Just cause I'm livin' on the rocks

Yes, some broken hearted thinking problem.
So pour me a bottle of the wall.
People say I got a drinking problem
But I got, no problem drinking it off

They keep on talking, drawn conclusions
They call it a problem, I call it a solution.

Last call gets later and later ,
I come in here so I don't have to hear.
Same old folks, some old songs
Same ol' same ol' blue neon
The same old buzz, just because.

People say I got a drinking problem
That ain't no reason to stop
People saying that I've hit rock bottom
Just cause I'm living on the rocks

Just some broken hearted thinking problem.
Just pour me a bottle of the wall
People say Ive got a drinking problem.
But I got no problem drinking it off.

They keep on talking,
Drawn conclusions
They call it a problem, I call it a solution

Just sitting here on my grand illusions
They call it a problem, I call it a solution

Just a solution

Just some broken hearted thinking problem.

So pour me a bottle of the wall
People say I got a drinking problem.
But I've got no problem drinking that off

They keep on talking,
Drawn conclusions
They call it a problem, I call it a solution

Just sitting here on my grand illusions
They call it a problem, I call it a solution
