

# My Time Is Money

JoJo

(1, 2, 1, 2, 3, 4)

I need a man, not a boy (4x)

Uh, uh, livin' in the city with brown, some so pretty

I, I got everyone with me

I'm runnin' this, really, oh, really

I, I don't need your dollars

I've given you a chance to holla

Tell me, can you keep up? My time is money

Homie, you're not payin' my bills

My time is money

Give me somethin' I can feel

(My time is money)

Tell me whatcha gon' do if it runs out

Tell me whatcha gon' do if it runs out

I'm a busy girl, in the busy world

Hey, my time is money Oooh, ya think so hot

Can't keep holdin' your spot

Cuz you're not lookin' at the clock

Ya think ya got this girl on lock

But I gotta 9AM, I'm always on time

That's why I'm the CEO

And I ain't tryna wait all night

Hurry up, come and put my body next to yours My time is money

Homie, you're not payin' my bills

My time is money

Give me somethin' I can feel

(My time is money)

Tell me whatcha gon' do if it runs out

Tell me whatcha gon' do if it runs out

I'm a busy girl, in the busy world

Hey, my time is money Time's tickin', it's time to show me

Stop delayin', and put it on me

Turn it up and rock-and-roll me

Hey, hey, hey, hey

Time's tickin', it's time to show me

Stop delayin', and put it on me

Turn it up and rock-and-roll me

Hey, hey, hey, hey I need a man, not a boy (4x) My time is money

Homie, you're not payin' my bills

My time is money  
Give me somethin' I can feel  
(My time is money)  
Tell me whatcha gon' do if it runs out  
Tell me whatcha gon' when it runs out  
I'm a busy girl, in the busy world  
Hey, my time is money Homie, you're not payin' my bills  
My time is money  
Oh, at least my money's real  
(My time is money)  
Tell me whatcha gon' do if it runs out  
Tell me whatcha gon' do if it runs out  
I'm a busy girl, in the busy world  
Hey, my time is money
