

Casper

Speedy Ortiz

Hunting days are now a shame
To see somebody ambition to me
 Roots your hair
 Keep me on my mean star
 There's a chance

 Wait for a friend
 They say are your feet
 Far great to the bombs
 No one and on my own
 Dream away
 Keep me on my mean stone
 There's my chance

 I hide away
 Got the attitude
 Host it on my back door

 Got the attitude
 Host it on my back door
