

# Unlock That Honky Tonk

[Kellie Pickler](#)

Somebody call Johnny McGee  
I know he's got the key  
you tell him that it's me  
and to get on out of that bed  
tell him that I'm serious  
don't make me have to go and cuss  
I'm already fired up enough  
you tell him that I said  
unlock that honky tonk  
boy turn them neons on  
go and get the good stuff out  
i'm bringing a party crowd  
don't need no trouble man  
just need a smoking band  
don't tell me country's gone  
cause I'm gonna have to tell someone  
unlock that honky tonk  
you tell him call Christy Lynn  
that girl can really bartend  
she knows how to mix em' right  
we don't wanna have to wait  
so  
unlock that honky tonk  
boy turn them neons on  
go and get the good stuff out  
  
i'm bringing a party crowd  
i don't need no trouble man  
just need a smoking band  
don't tell me country's gone  
cause I'm gonna have to tell someone  
unlock that honky tonk  
tell 'em I know it's tuesday night  
we can't wait till friday  
and I'd hate to wanna have to fight  
unlock that honky tonk  
boy turn them neons on  
go and get the good stuff out  
I'm bringing a party crowd

I don't need no trouble man  
just need a smoking band  
don't tell me country's gone  
cause I'm gonna have to tell someone  
unlock that honky tonk  
boy turn them neons on  
go and get the good stuff out  
i'm bringing a party crowd  
i don't need no trouble man  
just need a smoking band  
don't tell me country's gone  
unlock that honky tonk  
unlock that honky tonk
