## Burial

(All right, bye)[1]  
Oooh, woah, oh, oooh...  
I want you  
I belonged! (to you)  
Now!  
I used to belong! (to you)  
No, no, no, no, no, no, no!  
Because  
Wish I could hurt you  
No, oooh, now, I belong (to you)[2]  
And darkness starts falling  
When I hear your name  
Ah, hey... oh no... (helping you)[3]  
Turning underwater  
I wanna hear my lost first song  
I wanna hear my lost first song  
Turning underwater  
I wanna hear my lost first song  
I wanna hear my lost first song  
(I don't wanna be)
