Bury You

Lollipop Lust Kill

This moment is the rest of your life
This moment is the rest of your life
This moment is the rest of your life
I'm comin' atcha with a kitchen knife
You are the only one
Blow the fucking world to kingdom come
You are the only one
You make me wanna blow the world to kingdom come
Run, run, go and lock your door
I'll huff and puff and blow it to the floor
Your mind games have invited me here
Now you're all balled up and cringing in fear
At last, you'll see my diabolical grin
And now it's time for the fun to begin
This moment is the rest of your life
I'm comin' atcha with a kitchen knife
You are the only one
Blow the fucking world to kingdom come
You are the only one
You make me wanna blow the world to kingdom come
The second verse, deader than the first
Time to rid me of your fucking curse
You should've stopped way back when
I got a bat, I'm gonna beat your brains in
You can't escape your destiny
I'll get my hands on you and set you free
This moment is the rest of your life
I'm comin' atcha with a kitchen knife

You are the only one
Blow the fucking world to kingdom come
You are the only one
Blow the fucking world to kingdom come
You are the only one
Blow the fucking world to ingdom come
You are the only one
You make me wanna blow the world to kingdom come
Your blood is what I love
And now you'll give it to me

Think of our love, it's done
And when you whisper to me
Your blood is what I love
And now you'll give it to me
Think of our love, it's done
And when you whisper to me
Your skin is your sin
Begin to start the ending of me
Your blood is what I love
Your blood is what I love
And now you'll give it to me
Think of our love, it's done
And when you whisper to me
Your skin is your sin
Begin to start the ending of me
Your blood is what I love
And now you'll give it to me
