

Am I a Fool

Sense Field

If I knew then what I know now, more
But will you still show me how much you're in love?
 Darling, please, I know I lost my head
 Don't turn awayAm I a fool?
 If you see her tonight
 Tell her, I love her stillAm I a fool?
 If you see my love, tell her, hello
 Tell her, I love her stillShe was right about us, yeah, yeah
 She was right all along, yeah, yeah
 She was right about loveDarling bird, don't be a sad bird
 You know you deserve true love like everyone
 I believe you belong in the armsOf this charming young man
 Darling, please, don't look away
 Don't move awayAm I a fool?
 If you see her tonight
 Tell her, I love her stillAm I a fool?
 If you see my love, tell her, hello
 Tell her, I love her still
 Tell her, I love her stillCould you still love a fool
