

It Can't Be Over

Fool Moon

In a few more days itâ€™s winter, cold winds and freeze
I miss you so I dwell in my memories

Counting the moments, I wish my phone would ring
I turn and out of nowhere there comes another spring

It canâ€™t be over
We must fight forever
It canâ€™t be over
I want you more than ever
I want you closer
Itâ€™s not over
Iâ€™m gonna turn up every time you turn around

It canâ€™t be over
We must stand together
Donâ€™t say itâ€™s over
I want you more than ever
You gotta love me
See, Iâ€™m ready,
Will never give up, youâ€™re the best Iâ€™ve ever found

I still recall us laughing â€“ chasing the beams
I want those days back with all the summer dreams

Last fall we had no reason to say goodbye
I think your soul was hurt, but you never told me why

It canâ€™t be over
We must fight forever
It canâ€™t be over
I want you more than ever
I want you closer
Itâ€™s not over
Iâ€™m gonna turn up every time you turn around

It canâ€™t be over
We must stand together
Donâ€™t say itâ€™s over
I want you more than ever

You gotta love me
See, Iâ€™m ready,
Will never give up, youâ€™re the best Iâ€™ve ever found

All these words â€“ should have said them long ago.
You must hear me, hold me, feel me!
Listen I wonâ€™t let you go!

Itâ€™s not over
Can't be over
It canâ€™t be over
We must fight forever
It canâ€™t be over
I want you more than ever
I want you closer
Itâ€™s not over
Iâ€™m gonna turn up every time you turn around

It canâ€™t be over
We must stand together
Donâ€™t say itâ€™s over
I want you more than ever
You gotta love me
See, Iâ€™m ready,
Will never give up, youâ€™re the best Iâ€™ve ever found
