

As Seen On TV (Martini Lounge mix)

Pitchshifter

Another group of monster teenagers shot up their school today. What makes them do it? Video games? Marilyn
Manson? Oh it can't be the parents, or the fact that schools sucks, or that

The jocks do get patted on the head every time they beat up the weirdo's and the jobs you get once you graduate
are stupid, boring, meaningless, and a dead end to insanity.

I can't deny it's killing me, no one loses on TV. On TV.

When Sport Utiliy Vehicles are no longer enough...you need the TERMINATOR. Stuck in traffic in Lost
Angeles? Drive over the tops of everybody else. You'll crush 'em before the
Cops can catch up with you. Your precious artifact shild needs to be safe, they're talking to a kid who's skin is a
different colur? Grab the kid and mow 'em down!

Each new hot generation has a statemen they want to call their own. Tattoos? Piercings? that's for Moms and
Dads. What you want do is spend your allowance on Devil horn implats,
Elephand Man head, designer tails, third leg, fourth leg -- everyone a hermaphrodite! And on a lighter note...
