Star War

Backyard Babies

Everybody's here
With a face in the crowd
No more lookin' back
Strung out junkies
Computerized monkeys
Waitin' for the place to get packed
I don't need no doctor
No one's got the cure for me
Cause I'm a heartbreaker
And a soulshaker
Since 1973
Star war
So watcha waitin' for?
I'm runnin' down the stairs
So I won't get stabbed
But that's alright with me
Me me me
Meanwhile them supernatural freaks
Fingerprints my fee
So put food on the table
Some money if you're able
No one's got the cure for me
Cause I'm a heartbreaker and a soulshaker
Since 1973
Food on the table
Some money if you're able
Meanwhile back in Jack N' coke stable
Cause it's a star war
Star war
So watcha waitin' for?
Go go go!
