Woke (feat. Lecrae)

Reconcile

And when I grew up, folks would click on sight, quick to fight
Blood thought he was Superman made of kryptonite
We watched when dirty cops rolled through and abused power
Them yellow rocks got sold, and our souls we lost oursSkrrt
Woke, woke, woke, woke, woke, woke, woke, woke
Woke, woke, woke, woke, woke, woke, woke, wokeSlave master, sleep rappers
Still slaves, that's a different matter
Cops killing, all these drug dealing
All these sails flyin', need to hit the ceiling
Same problems happen every day, I just focus on the iPhone
All this war in America, South Florida, this is my home
The justice system failing, the education system failing
All these black men in prison
That's indictment on the system
That's indictment on the system
Selling nickel rock, catch sinners
Need some child support, catch the sinners
Don't pay them ticket you won't catch the sinners
How you kill for want of getting acquitted
Woke, woke, woke, woke, woke, woke, woke, woke
Woke, woke, woke, woke, woke, woke, woke, wokeWoke, yeah
Woke, yeah
I can get woke
I can get woke
Woke, yeahMurder line, all these children dyin'
All these mothers cryin', all these bullets flyin'
All these dry convictions
All this low snitching
All these summer killings, all these dirty politicians
Gat,gat,gat,gat,gat,gat,gaat
Choppers and Uzi's
One life to live, live
Use it
Shorty they plottin against her
You blinded by broads and riches
You blinded by all that designer
Gucci, Prada, Ferragamo
They holler black lives don't matter,
And they don't rock down in these streets

And they ain't giving no jobs, pipeline to the penitentiary
A tweet don't mean you won't post
Or mean you won't get out here and be a mentor
Put your phone down and raise your kid
Be accountable, keep us accountable
Change how we see each other
You got the power to end the hate
You got the power to kill the rumor
You got the power to make a change
I done got woke up, yeah!Woke
Yeah, I done got woke
I done got woke
I done got woke up
I done got
Woke
Woke, woke, woke, woke, woke, woke, woke, woke
Woke, woke, woke, woke, woke, woke, woke, woke
I done got
Woke
I done got woke
I done got woke
