

# Nascent

## Tesseract

As the mind evolves menaces are born  
As the needles turn innocence is torn  
Wake... wake... wake  
They find all things tiring  
In time they'll find a reason  
To hide their devotion  
Desperate defiance, such a complex rage inside us all  
This structured raw submission, such a killer free to lose control  
Alliance between the cold and the ones we'll never know  
Alliance defined by a harsh society  
Dangerous alliance, such defiant menaces are born  
This structured raw submission, such reluctant innocence is torn  
Liar... Liar... Liar  
(Nascent, Nascent, Nascent) (Patience, Patience, Patient)  
(Defiant, Nascent, Nascent, Nascent)  
(Wake Up, Wake Up, Wake Up)  
Nascent a killer is born, Nascent a killer is born  
Desperate defiance, such a complex rage inside us all  
This structured raw submission, such a killer free to lose control  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
