

# She Wants To Be Wanted Again

**Ty Herndon**

She gets the kids up and off to school  
Work's never done till the day is through  
Same old routine over and over again There's alot of this world she's never seen  
She married young the boy of her dreams  
And to this day that's something she wouldn't change  
But she longs for the way he used to whisper her name Chorus:  
She wants to be wanted  
She knows that she's needed  
She wants moonlight and romance  
Soft music and a slow dance  
She wants him to hold her  
Like he's never touched her  
That's how love began  
She wants to be wanted again It's Friday night and he's on his way home  
She's made plans for them to be alone  
Took the kids to her mama's they're gonna spend the night  
And she's hoping he'll notice how her new dress  
fits her just right Chorus That's how love began  
She wants to be wanted again
