

# You Don't Have to Walk in the Rain

## The Turtles

I looked at your face; is that the face I love?  
It's been a long time since I've seen you  
You've got a lovely place; the kids must send their love  
We stood there lonely, baby, without you  
CHORUS:  
& girl, you don't have to walk in the rain  
'Cause baby, I know things can be just the same as before  
When you walk through my door, you'll be home, girl  
When you walk through my door, you'll be home I was so afraid I almost turned away  
But you know I need somebody to cling to  
I looked at your face; I love you anyway  
It's been a long time since I've seen you (chorus twice, then repeat its 1st line & fade)

Songwriters

Nichol, Al / Volman, Mark / Seiter, John / Pons, Jim / Kaylan, Howard
