

Keep On

Novi Novak

And then they're like, okay, you have my attention.
What's the difference between you and other rappers?
And I just tell'm....
My Story.....
I mean, if you ONLY knew...
and then after that I failed and I kept on and I failed and I kept on

Came up from the other side
Most the people jail or die
OH ME, OH MY, I
Had To KEEP ON
People tried to hold me back
Said "You'll never this" or "That"
Eventually it'd fade to black cuz I
Had To KEEP ON
I Keep on I Keep on I Keep on I Keep on I Keep on
I Keep it Keep it Keep it on Keep it on!
I Keep on I Keep on I Keep on I Keep on I Keep on
Won't be defeated you know I'm Keepin on!

They say "Ay, You do that?" Yea! Yea We do that!
I Took a trip to LA hit New York and then I flew back
I Had a little Money, I Made it stretch like zoo cat
Pushed through that, Pursued that now they "Oh! How you do that!?"
Ow Ya!

I'm back back time machine
Germaphobe, all kinda clean
Catch on fire ain't hot as me
Must admire my prosody
Obviously, Anomaly
Took that chance monopoly
Quality my Policy
They Dig that Archaeology
My Crew be winnin sinnin
Only shop designer linens
Lots of women ain't no children
Till I near-o couple million
Pioneer a couple buildins
I'm just playin who I'm kiddin

But you know I'm workin on it
You Knoooooow Im workin on it!!! Keep on!!!

Came up from the other side
Most the people jail or die
OH ME, OH MY, I
Had To KEEP ON
People tried to hold me back

Eventually it'd fade to black
Cuz I

I Keep on I Keep on I Keep on I Keep on I Keep on
Won't be defeated you know I'm Keepin on!

I'm back in here, Rappin here
Kickin till it'd break my shin
So strong in this, I King Kong the shit
I could prolly fight a Bear and win
I got an appetite for destruction, "G G Guns n Roses!"
I grew up where every picture there's a gun in all the poses, Oh man!
Like
Hold Up whoah, Eep, SKERT! Wait a "fuckin" minute
I got so much soul like you just caught me repent
I'm on point like end of sentence
So much dope need intervention
My Wikipedia should mention
Game Changer, Interception!
With a super fly super dumb chick
But Ain't that dumb she know I'm almost dumb rich
Settle for the Silver?! HELL NAWH! Need the Gold!
And they didn't even think I'd place so man... what do they know!!?! I Keep On!

Came up from the other side
Most the people jail or die
OH ME, OH MY, I

People tried to hold me back
