

Little Star (Stevie Be Zet Remix)

[Stina Nordenstam](#)

Little star, so you had to go.
You must have wanted him to know.
You must have wanted the world to know
Poor little thing.
Now they know.
Little star,
I had to close my eyes.
There was a fire at the warehouse.
They're always waiting for a thing like this.
Came driving from all over town,
For you, little star.
Little star, you, little star.
Little star
So you had to go
You must have wanted him to know
You must have wanted the world to know
Poor little thing
And now they know
Laudamus, adorramus te, Dominec.
Laudamusbenedicimus
Domine Deus.
Laudamusbenedicimus
Domine Deus.
Cum Sancto Spiritu, in gloria Dei Patris. For you, little star.
