

Picture

Mutemath

I see our fate
I see our past
And all the things
That could not last
It's heavy on these eyes
Frozen as I hold this photograph

It's all we're left
That's of any worth
And it's so much more
Than a thousand words
Now in this frame
Is the only way we can endure

I picture you and me always
And in this photograph we're safe

All I have in my head
And all the words I wish I'd said
Sentimental thoughts are overwhelming me again

As I stare through a lens of tears
A part remains of those fallen years
Now in this frame
Memories are held to persevere

I picture you and me always
And in this photograph we'll stay
I picture you and me always
And in this photograph we're safe
Coming with these lies has broken you
Oh I am just hoping things are all as they should be

I pictured you and me
You and me
I pictured, I pictured, I pictured
Oh I pictured, oh I pictured
Oh I pictured, oh I pictured

I pictured you and me always

And in this photograph we'll stay
I pictured you and me always
And in this photograph we're safe
We're safe
We're safe
