

# Getaway Car (Chris Stevens)

[TobyMac](#)

I'm staring unaware cause I'm in the zone  
It moves in like a fog on a seaside road  
Paralyzed by the signs and the deafening tone  
I'm on a lock like a jock with a broken bone  
I can see the real game and I want to get in it  
I can read your headline and I am dying to spin it  
Man down in the clutches of his own desire  
I got to find the kind of speed that will put out a fire I need a getaway car, I gotta get out of here fast and far  
I need a getaway car, I wanna flea what I see, wanna be where you are  
I need a getaway car, I gotta get out of here fast and far  
I need a getaway car I put my hand on the wheel before I change my mind  
I put my foot to the floor and I start to fly  
I keep my eyes on the road so I don't get spun around  
To the nightmare I've been delivered from  
It's a brand new day, I drove hard all night  
I thank God for the sun as it starts to rise  
I take a peek in the mirror and my past is gone  
I'm feelin' free as a bird with a new song Now I ain't gonna stop 'til I find your peace  
I gotta get to the place where it's you and me  
So fill'er up now, and let's roll  
Gonna drive through the night 'til you touch my soul  
Said I ain't gonna stop 'til I find your peace  
I gotta get to the place where you're all I need  
So fill'er up, let's roll  
I'm gonna drive through the night till you touch my soul
