Real Thing

Kalapana

Here comes the night
Once again
I'll be feeling lonely
Oh, if only things could work out like you plan
Where can love be
Tell me why it's so hard to find somebody
Who will stand by me
And take the time to understand
And show me love again
I want the real thing
Or nothing at all
I need someone that I can be sure will catch me
If I should fall
Someone who'll be there when I call
Then I'll know that it's the real thing
I want the real thing
To warm me each night
Someone to love me over and over
Making the future bright
Somebody who will make it all right
Just give me the real thing
Where is the moon?
Won't it smile
On just one more dreamer
Let your beams come down
And fill my empty room
Here comes the night
But if there's still a chance
That love can find me
I'll be here
Crossing my fingers
I want to know for sure
That I can feel secure
Knowing I've found an everlasting love
And once I get that under control
Then I won't let go
