We jettin, we jettin, we jettin uptown
We jettin, we jettin, we jettin downtown
We jettin, we jettin, we jettin crosstown

 Right? The creamin' to schemin' to get it
 Right demeans almighty dolla
 The green power, let loose for the hour
I chose the Black Power, extra fly joint for mocha to yellow paper
 And you know I don't delay
 Together with my honey like silk to sew
 We grow and take you back to like afros
And no quittin or gettin jumped by the system
 Its all day, all play got verbs and such
 And cuts and crew, no blue eyes
To emulate, some straight but yea we straight up Funkay
 Ease back, the g's back as an o.d. gettin
