Room In Your Heart

Living In a Box

Living in a box-Room in your heartOh woh woh, no matter how below (how)
Oh, oh wohIt's dark and cold tonight, I'm walking all alone
And one step at a time I'm getting closer
I know she's hard to find, instinctively I try
To take the path of love into the night
There would be no reason if you really didn't care
There would be no reason for loveThe door is open wide, is anybody there
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in the heart, oh oh-oh yeahNo answers question me, no one's been here before
I am the first to see the light at your door
If I could hold you now I wouldn't disagree
With these four walls you're protecting me, oh-oh-ooh
There would be no reason if you really didn't care
There would be no reason for loveThe door is open wide, is anybody there
I know this must be the room in your heart
I really don't know why but it's so easy to breathe
I know this must be the room in the heart, oh yeahI can feel it, I can feel it
I can feel the love that's surrounding me coming out of you
I can feel it (coming out, coming out, coming out) yeahThe door is open wide (is anybody there)
(I know this must be the room in your heart)
(I really don't know why but it's so easy to breathe) mmm, breathe
Oh oh-oh-oh (I know this must be the room in your heart)
I know this must be, I know this must beI know, ooh ooh, is anybody thereOh oh (the door is open wide, is anybody there) oh oh
(I know this must be the room in your heart) ah ah
(I really don't know why) I really don't know why
(But it's so easy to breathe)
(I know this must be the room in your heart)
