

# Into the Silence

Marius Ziska

When karma reaches you  
I wanna be there  
just in case it needs help  
You made me be  
so cruel to myself  
The love of power or the power of love  
you need help  
When karma reaches you  
I want to be there  
to catch that fall  
Get down beside you  
and watch you crawl  
How does it feel to be alone?  
Down there  
When you fall apart again  
It won't break my heart  
If I told you my secrets  
You'd never look at me  
the same way  
Well I guess you're right,  
some things I can't change  
When karma reaches you  
I wanna be there  
just in case it needs help  
I won't fall apart again  
I don't test my heart

Is there any wonder  
With this sadness inside us  
Was it sent for the hunger?  
Was it meant to divide us?  
Into the silence  
Into the silence  
Into the silence  
Into the silence

When karma reaches you  
I wanna be there  
to catch that fall  
Get down beside you

and watch you crawl  
How does it feel to be alone?  
Down there  
Don't fall  
apart again  
Don't test my heart  
Is there any wonder  
With this sadness inside her  
Was it sent for the hunger?  
Was it sent to divide us?  
Into the silence  
Into the silence  
Into the silence  
Into the silence
