Let's Get Married

[Al Green](#)

Sitting here
Wasting my time for you
And I'm not too crazy about the idea
Having nothing to doNow its time for a change
The idea might sound strange
There's no time to wasteLet's get married today
Gonna get married
Married today
I love you anywayThere must be something wrong
Or something here
That I don't understand
Oh, you don't believe me
You say you love me
Why don't you give me your hand
Oh babyLet me tell you one thing
I'm tired of playing around
Girl in every town
I want to settle down
And stop foolin' around(Let's get married)
I've got to stop foolin' around
(Let's get married)
Stop foolin around
(Let's get married)
You don't believe me but I want to stop
Foolin around
(Let's get married)Let me say it
I didn't mean to say all the things I said
The way I felt in my heart
It came out that way
Let me tell you one thing
Don't want to say anything to drive you awayLet's get married today
Wanna get married
Let's get married todayMight as well
Might as well
'Cause take you in my arms and hold you
Take you in arms and squeeze you
Take you in my arms and love you every night
Just make everything alright alright
I wanna soothe you baby, want to soothe you baby, want to soothe you baby, want to soothe you baby

I'll tell you will you talk to me
I'll tell you you can talk to me
Try to understand your lovin' ways
Try to just let me, let me let me
Soothe you baby, let me soothe you baby, I can soothe you baby, I can, I can wipe all your tears awa
You can know me
You don't believe me
Let's get married today
I found out I didn't, I don't love nobody anyway
I really really love you baby
I really really love you baby
I tell the truth about it
I love you baby
I can feel the groove comin
Hey baby
Let's get married today
