

# True Love And A Free Life Of Free Will

## Japandroids

Flesh is foreign, friends are far  
Decks run deep, sleep is minced or marred  
And it's all out war for the soul between  
Dreams that are hungry and the fears that feed  
But I'll carry it, by chariot, through blood and blows  
Under starless skies of fire, into great unknown  
Living on the lam and the frontier of  
A free life of free will for the thrill of your love  
Spill your secrets and paint my days  
Passion is your palette, your canvases  
And null my nights in the harbour and hell  
Of the cantina's counsel and meals of mezcal  
Plans to settle down  
Plans to up and split  
Plans loose as the morals we are planning with  
Baby be the beast, but free what burdens be  
And I'll love you if you love me  
All life long, 'til I'm gone  
All life long, 'til I'm gone  
Cigarettes, sorcery, and Biblical sins  
Hangovers, heathens, harlots, and anti-heroines  
The cabarets, the getaways, and the afterglow  
A little money and whatever's on the radio  
Plans to settle down  
Plans to up and split  
Plans loose as the morals we are planning with  
Baby be the beast, but free what burdens be  
And I'll love you if you love me  
All life long, 'til I'm gone  
All life long, 'til I'm gone  
All life  
All life  
All life  
All life  
All life long, 'til I'm gone  
All life long, 'til I'm gone
