

Tears From The Moon (DJ TiÂsto Remix)

Conjure One

Couldn't sleep so I went out walking
Thinking about you and hearing us talking
And all the things I should have said
Echo now, inside my headIt just ain't fair this thing called loving
When one step there and the other feels nothing
I would have done anything for you
I still love you, baby I adore youI feel something falling from the sky
I'm so sad I made the angels cryTears from the moon
Fall down like rain
I reach for you
I reach in vainTears from the moon
Fall down like rain
But tears from the moon
Can 't wash away the painTears from the moon, tears from the moon (whispering a couple times)It just ain't fair
this thing called loving
When one step there and the other feels nothing
I would have done anything for you
I still love you, baby I adore youAll day I keep from falling apart
But at night when the sky gets darkTears from the moon
Fall down like rain
I reach for you
I reach in vainStop, Stop haunting me
It should be easy
As easy as when you stopped wanting me
Hmm
