

I Can't Hear The Music

Brutha

Shawty you the one I give my air to.
Think they can turn the music up if they care to.
All I might hear, is shawty right here.
Her ass make room even in a tight pair.
And the truth is, I'm on top like a roof is.
Shawty try n to get where my bloothooth is.
But I get cocky on them though, and when they halla I get foxy on a hoe.
Yeah that mean I go deaf, my game so official it don't need no reff.
If you stop winnin', I stop winnin', like I'm in the club, and the DJ stop spinnin'.
Baby I can turn you on, while them other nigga's try n to learn the song
Its Loso, in case you didn't know so, can't hear haters 'cause they talk low so.

Unlike anything that I've ever seen
Like a face that been cut out a magazine,
And a body like a goddess
Got these dudes truing there hardest,
But it ain't workin', oh oh,
I just sit back and observe the way you move,
Something 'bout you make me wanna get to you, and then the lights go dim (yeah)
And then I get this feeling, oh

[Chorus]

I can't hear the music (cause I'm focused on you)
I can't hear the music (wen I'm dance with you)
I can't hear the music (feels like it just me and you, in here, nobody can hear)
I can't hear the music (cause I'm focused on you)
I can't hear the music (wen I'm dance with you)
I can't hear the music (feels like it just me and you, in here, nobody can hear)

Unlike anything that I've ever felt before,
When we laid eyes, I could see that there was something more,
She was sexy and so innocent, guilty and magnificent,
I knew that I had to have that girl,
There was a silence that felt upon the club,
On comes the spotlight and all I could see was her,
We started moving to a heart beat,
You became a part of me (a part of me)
'cause

[Chorus]

Your so beautiful, like an angel on the dance floor

All eyes are on you girl,
Impossible to make one,
Since I laid eyes on you,
I hope that I'm gon leave with you,
Your what I'm wishin' for,
'cause

I can't hear the music (cause I'm focused on you)
I can't hear the music (wen I'm dance with you)
I can't hear the music (feels like it just me and you, in here, nobody can hear)
No, I can't (cause I'm focused on you)
Focused on you (wen I'm dance with you)
Dancing with you (feels like it just me and you, in here, nobody can hear)

I can't hear the music,
I can't hear the music,
I can't hear the music,
I can't hear the music

Whoa whoa whoa
Whoa whoa whoa
Whoa whoa

Whoa whoa whoa
Whoa whoa whoa
Whoa whoa
