

Baby You Are

Julie Anne San Jose

You are my only
You are the one
You're everything I wanted, baby
I should have told you
That I love you Oh, nothing
Compares to you
I'm crazy thinking 'bout you lately
You and I are meant to be
Oh baby this is real Refrain:
Everytime you turn around and walk away
I just can't resist and I'm wishing I can say Chorus:
You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen
But still you are You know you had me
With your beautiful smile
It's always in my head
I can't get you off my mind
You got me fallin' Maybe someday
I'll be with you
You'll say the words I love to hear
Because I need you here
And now to everything Chorus:
You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?

'Coz I know it's impossible to make it happen
But still you are
You are, you are, you are, you are, you are You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen
And I'll wait for you to say that you love me
But still you are
Baby you are
