Baby You Are

Julie Anne San Jose

You are my only
You are the one
You're everything I wanted, baby
I should have told you
That I love youOh, nothing
Compares to you
I'm crazy thinking 'bout you lately
You and I are meant to be

Oh baby this is realRefrain:

Everytime you turn around and walk away I just can't resist and I'm wishing I can sayChorus:

You are my dream You are my hope You are my love

and baby you are my heart

I want you to know

And let it show

That I'm in love

Everytime I see you near

I wanna be close to you but how can it be? 'Coz I know it's impossible to make it happen

But still you areYou know you had me

With your beautiful smile

It's always in my head

I can't get you off my mind

You got me fallin'Maybe someday

I'll be with you

You'll say the words I love to hear

Because I need you here

And now to everything Chorus:

You are my dream

You are my hope

You are my love

and baby you are my heart

I want you to know

And let it show

That I'm in love

Everytime I see you near

I wanna be close to you but how can it be?

'Coz I know it's impossible to make it happen

But still you are

You are, you are, you are, you are You are my dream

You are my hope

You are my love

and baby you are my heart

I want you to know

And let it show

That I'm in love

Everytime I see you near

I wanna be close to you but how can it be?

'Coz I know it's impossible to make it happenYou are my dream

You are my hope

You are my love

and baby you are my heart

I want you to know

And let it show

That I'm in love

Everytime I see you near

I wanna be close to you but how can it be?

'Coz I know it's impossible to make it happen

And I'll wait for you to say that you love me

But still you are

Baby you are
