

I Don't See You

Camper Van Beethoven

You're under my sheets
And you give me the creeps
You won't go away
And I never asked you to stay
But I don't see you at all
No, I don't see you at all
You won't go away
And I never asked you to stay
You're waking me at night
Away from my dreams
But I don't see you at all
No, I don't see you at all
