That's How They Do It In Dixie

Hank Williams Jr.

Cut-off jeans an' cowboy boots
Long blonde hair an' dark brown roots
Lord, pinch me
That's how they do it in Dixie
Electric slidin' on a sawdust floor
Long-neck chaser for a
Shot of hard core whiskey
That's how they do it in Dixie
Little red Geo, stickers on the window says, "sugar n' spice"
Baby crank the bass up, ride it till you see, girl
Those pink fur dice
Oh, ain't that nice
Down to the river to go for a dip
Rollin' them Levis off of her hip
Goin' big Kenny skinny
That's how they do it in Dixie
Splish splash
Watermelon lip-gloss, kiss beneath the swamp moss
On a moonlit night
Bubble gum perfume, well placed tattoo
Above her hiney, high
Oh my!
Belly button danglin', a twenty minute tan
You know, I'll go to jerry springer if you hit on my man
That girl will throw a hissy
That's how they do it in Dixie
Cut-off jeans an' cowboy boots
Long blonde hair an' dark brown roots
Lord, pinch me
That's how they do it in Dixie
Yeah, yeah
Y'all, that's how we do it in Dixie
Whoo I love them girls man
In Dixie
That's how we do it in Dixie
That's right, class, that's how we do it in Dixie
A little Bocephus out here
Bocephus for President
President of the honky-tonk

Aw, had some good ridin' friends on this one
