Useless

Ministry

Tell me what I want?
What I need for all my sweating?
Show me what I get?
What I earned?
And why?Keep me all yours
Brain dead and uselessTake my cues when I crippled many
Must sit with you, corrupt without pity
The slogan's ream on greed, lust and power
Feeble, mis sighted, without honor
The failing marriage slowly grinding into nothing
A bleeding union only left with trying offspring
Suffer
This simple nagging wound
This childish riddle
This dumb cartoonKeep me all yours
Brain dead and useless
Keep me all yours
Brain dead and uselessThese fucking dense form English hands
Reaching for my throat, to coddle and throttle, remove all hope
Try your best to choke the very meaning from my life
A callous whore
A cheating wifeKeep me all yours
(Useless, fucking useless)
Brain dead and useless
(Useless, fucking useless)
Keep me all yours
(Useless, fucking useless)
Brain dead and useless
(Useless, fucking useless)(Useless, fucking useless)
(Useless, fucking useless)
Keep me all yours
(Useless, fucking useless)
(Useless, fucking useless)
Keep me all yours
(Useless, fucking useless)
(Useless, fucking useless)
Keep me all yours
(Useless, fucking useless)
(Useless, fucking useless)

Keep me all yours
(Useless, fucking useless)
(I'm a fucking useless)
