

# I Can See for Miles

## Vanilla Fudge

i know that you've know that you decived me,  
now here's a surprise  
i konw that you have 'cause there's magic in my eys  
i can see for miles and miles and miles and miles and miles oh yeah  
if you think that i don't know about the little trick's you play  
and never see you when you when deliberately  
you put thing's in my way  
well, here's a poke at you  
you're gonna choke on it too  
you're gonna loose that smile because all the whileI Can See For Miles"I know you've deceived me, now here's  
a surprise  
I know that you have 'cause there's magic in my eyesI can see for miles and miles and miles and miles and miles  
Oh yeahIf you think that I don't know about the little tricks you've played  
And never see you when deliberately you put things in my wayWell, here's a poke at you  
You're gonna choke on it too  
You're gonna lose that smile  
Beacuse all the whileI can see for miles and miles  
I can see for miles and miles  
I can see for miles and miles and miles and miles and miles  
Oh yeahYou took advantage of my trust in you when I was so far away  
I saw you holding lots of other guys and now you've got the nerve to sayThat you still want me  
Well, that's as may be  
But you gotta stand trial  
Because all the whileI can see for miles and miles  
I can see for miles and miles  
I can see for miles and miles and miles and miles and miles  
Oh yeahI know you've deceived me, now here's a surprise  
I know that you have 'cause there's magic in my eyesI can see for miles and miles and miles and miles and miles  
Oh yeahThe Eiffel Tower and the Taj Mahal are mine to see on clear days  
You thought that I would need a crystal ball to see right through the hazeWell, here's a poke at you  
You're gonna choke on it too  
You're gonna lose that smile  
Beacuse all the whileI can see for miles and miles  
I can see for miles and miles  
I can see for miles and miles and miles and miles and miles  
and miles and miles and miles and milesI can see for miles and miles  
I can see for miles and miles  
I can see for miles and miles  
I can see for miles and miles
