

# Beautiful Day

## Imaginary Future

Someone is smiling, someone cries  
    Whatever it is, it's alright  
Someone is born and someone dies  
    Something is holding the light  
    It's standing in the light now  
    Standing in the light now  
Standing here right now for you  
    Everything you do now  
    Everything you are now  
    Creating it right now for you  
It's a beautiful day, the sun's coming up  
    The sun's going down for you  
It's a beautiful day and everyone says  
    The world's turning around for you  
    There is no need to be afraid  
    There is no need to deny  
    That everything is on its way  
    Life's going on in your mind  
    It's standing in the light now  
    Standing in the light now  
Standing here right now for you  
    Everything you do now  
    Everything you are now  
    Creating it right now for you  
It's a beautiful day, the sun's coming up  
    The sun's going down for you  
It's a beautiful day and everyone says  
    The world's turning around for you  
    It's standing in the light now  
    Standing in the light now  
Standing here right now for you  
    Everything you do now  
    Everything you are now  
    Creating it right now for you  
It's a beautiful day, the sun's coming up  
    The sun's going down for you  
It's a beautiful day and everyone says  
    The world's turning around for you
